★ LUCY PINDER'S ★ **TOPLESS SPECTACULAR!**

← **Have you ever weighed your boobs?** I once tried to lean on some normal weighing scales, but it didn't really work! I think the best way to do it would be in some sort of hammock. Mine have got to weigh at least half a stone each. **Crikey! What's the ideal boob size then?** I don't think there's an ideal boob size, as everyone has different tastes so it depends on what you like. I personally like bigger boobs – mine are a 32FF – but I think there's something out there for everyone. You just have to go out and find it.

What's the most interesting thing you've had between your boobs? I know what my favourite thing is to have between them, but perhaps I should keep that private!

Who would you most like to go boob-to-boob with for a shoot? I've done shoots with lots of different girls, so maybe someone different. Perhaps Charlotte Church would be good some day!

"There's nothing better than a nice pair of boobs. They're just pleasing on the eye!"

Of all the girls you've met, whose boobs really made an impression? Cara Brett has got great boobs, I think she's a DD. She's a lovely little package! Peta Todd also has a great pair, and Lindsey Strutt. **How many of Kate Moss' boobs could you fit in your bra?** Well, she's a double-A, so I'd have to say about ten pairs of hers to one pair of mine!

Why are big boobs best? There's something about a fuller breast that's just pleasing on the eye.

Is there anything better than a nice pair of boobs? No! There's nothing better than a nice pair of boobs. Bums are lovely, but they come second to a great pair of breasts!

"What d'you mean, 'Nice elbows'?"

★ LUCY PINDER'S ★ TOPLESS SPECTACULAR!

It's a celebration of the hottest girls blessed with enormous breasts. Hooray!

There's no denying that big boobs are the most amazing creation known to man.

So, to celebrate the fuller bosom, we bring you a veritable feast of sexy pin-ups revealing their rather large yet perfectly formed breasts. And to kick off this eye-popping spectacular, where else could we start but with the First Lady of *Nuts*, our very own Lucy Pinder...

Hi Lucy! Congratulations on fronting the *Nuts* Topless Spectacular. Why do you think men are obsessed with big boobs?

Well, they're very pleasing to look at. A lot of it comes down to the fact that we're basically here to breed – it's an animalistic thing. Boobs are here to keep the human race going!

Do you check out other girls' boobs?

Yes, definitely. Especially when they're big! Boobs are something that your eyes are attracted to and girls check out other girls' boobs just as much as boys do.

We couldn't agree more.

What makes a great pair of boobs then? I really like big boobs but people have different tastes, so as long

as they're pert, nice and round with normal, medium-sized nipples, then you can't go wrong. **Which celebrity's boobs would you most like to see?** This might sound a bit strange, but I'd love to see Dolly Parton's! You know, the country and western singer? **Have you ever seen them?** She's got a massive pair! I'd really love to see what they look like!

Have you ever flashed your boobs at anyone for a laugh? Well, the world has seen my boobs anyway, so I don't really feel the need to flash them. The closest I've come is sunbathing naked on the beach. **Which hot new model has the best boobs?** I think Lindsey Strutt is a lovely looking girl with a very fine pair of bosoms. She's one to look out for, boys!

What's the nicest compliment you've received about your boobs?

It's lovely when girls who have great boobs, like Michelle Marsh or Sophie Howard, compliment mine, as I think, "Well, yours are pretty good, so thanks!"

How many times a day do you touch your boobs? When I'm on a shoot I do a fair bit of self-groping! But on a normal day, not a great deal. ➔
